24 August 1976

MEMORANDUM FOR: DDCI

To confirm our conversation of this morning, the October 1 meeting of the Potomac Chapter of the National Military Intelligence Association presents a good forum for a discussion of the intelligence community. You may wish to use a format of a 10-15 minute introduction with the bulk of the time devoted to a free question and answer period.

I understand that your office will deal directly with the NMIA on the arrangements; we will be back to you by September 17 to work up a text, if necessary.

> Andrew T. Falkiewicz Assistant to the Director
